## O&G Magazine Information

- **Magazine Theme:**
- **Article Topic:**
- **Audience:** Our readership includes over 6,000 obstetricians, gynaecologists, trainees, GPs, and other health professionals interested in women's health.

## Article Guidelines

- **Length:** 1,000–1,500 words (including references). Please keep the article concise and educational rather than a detailed literature review.
- **Writing style:** Engaging, informative, and suitable for a medically educated (but not necessarily expert) readership.
- **Review/Editing:** Your article will be professionally subedited by RANZCOG's Communications team prior to publication. Subediting will preserve medical context and terminology.

## References:

- Please use the [Vancouver style](#)
- Please don't use automatic referencing or footnotes.
- Please Incorporate references within the main article.
- Please remove "https://" and "www." from all website references.
- **Co-authors:** co-authors are welcome if you'd like to share the writing with colleagues.

## Image Guidelines

- **Profile photo:** Please include a high-resolution (300 dpi) head-and-shoulders image of yourself (and any co-authors).

## Article images:

- If applicable, please attach separately as **high-resolution JPEGs (300 dpi)**.
- **Please make sure you have permission** to use every image, and provide full credit details (photographer, organisation, etc.).
- **Please provide brief captions** (names, dates, places), but no more than a couple of lines
- **Please note:** We cannot use images sourced directly from an internet search due to copyright restrictions.

## Key Dates and Next Steps

- **Submission deadline:**
  - **Spring – Endometriosis**  
Submissions due: 15 July 2025
  - **Summer – Perinatal Infections**  
Submissions due: 10 October 2025
- Please remember to include your post nominal qualifications to include with your article
